

Trunkquility 3-way loudspeaker Modell 3.0

Trunkquility 3.0 is a 3-way loudspeaker. Equipped with the same tweeter as the 2.4 model, the partitioning in three frequency ranges allows the use of a high-efficiency 20 cm bass driver with 9 mm linear displacement resulting in a more powerful bass. A 152 mm midrange driver fills the gap between tweeter and bass. Over 105 dB maximum sound pressure level @ 1 m create live atmosphere even in mid size rooms.

Passive 3-way loudspeaker

| | |
|----------------------|---|
| Crossover frequency: | 250 Hz / 2,500 Hz |
| Efficiency: | 91 dB / 2.83 V @ 1 m |
| Power handling: | 180 W contin. (IEC 268-5) |
| Amplifier load: | 4-8 Ω Impedance |
| Dimensions (H x D): | ca. 105 x 32 cm (deviation possible; loudspeaker pairs always have the same height) |
| Weight: | ca. 38 kg |
| Drivers: | 200 mm bassdriver with coated paper cone (\pm 4,5 mm linear displacement and 51 mm voice coil) in vented cabinet, 152 mm middriver, 25 mm high-frequency dome driver |
| Cabinet: | Made of massive wood trunks. Different domestic wood types possible: e.g. birch, oak, beech, pine, Douglas fir |
| Production time: | ca. 132 hours |
| Price: | 10,700.- € per pair incl. VAT (in oak) |
