

Trunkquility 2-way loudspeaker Modell 2.2

Designed with a 28 mm dome tweeter and two 88 mm low-mid drivers Trunkquility 2.2 delivers an extremely fast and analytic sound reproduction. It is hard to believe, that these tiny drivers reach down to a lowest frequency of below 40 Hz. With over 93 dB maximum sound pressure level @ 1 m it performs slightly louder than the model 2.1. For small to mid size rooms.
