

Trunkquility 2-way loudspeaker

Model 2.5

Trunkquility 2.5 is an extraordinary 2-way speaker model – it is a full omnidirectional speaker. This principle allows a better spatial feeling of the music even for less advantageous listening positions. Equipped with the outstanding mid-high-range DDD driver from **German Physiks** and a 30cm bass driver with 100 mm voice coil diameter and 13 mm linear displacement, this model is a synonym of ultimate sound. A bass-drum stands authentic and live in front of the listener and in case of a grand orchestra you'll sit even for heavy fortissimo progressions in the first row of the audience – even in large listening rooms.

Passive omnidirectional 2-way loudspeaker

Crossover frequency:	200 Hz
Efficiency:	91 dB / 2,83 V @ 1 m
Power handling:	300 W
Amplifier load:	8 Ω Impedance
Dimensions (H x D):	ca. 130 x 50 cm (deviation possible; loudspeaker pairs always have the same height)
Weight:	ca. 85 kg
Drivers:	30 cm bass driver with paper cone ($\pm 6,5$ mm linear displacement and 100 mm voice coil) in vented cabinet Mid/High-driver from German Physiks : Walsh-principle (bending wave) with 50 mm voice coil
Cabinet:	Made of massive wood trunks. Different domestic wood types possible: e.g. oak, beech, pine, Douglas fir
Production time:	ca. 270 hours
Price:	€ 27,500,-- per pair incl. VAT (in oak)
